***Allowable Subject Matter***

1. Claim 33 is allowed.
2. The following is an examiner's statement of reasons for allowance: claim 33 is allowed because the prior art of record does not teach or fairly suggest a method of formation of a panel for generating and diffusing heat, comprising steps of: providing a board having one or two pieces of fabric with a weft of continuously highly-conductive metal wire with a warp formed of parallel strips laid side-by-side, and extending the wire from a first corner on a first side of the piece of fabric, crosswise to the wrap strips passing over a first face of a first strip, over a second face of next strip, over a first face of a strip next again and so on to reach an opposite side of the piece and from there, after a making a bend at 180 degree, and further providing an effect of aligning the lengths of a conductive wire through which electric current passes in opposite direction of flow, being to eliminate harmful electric fields.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Leonid M Fastovsky whose telephone number is 571-272-4778. The examiner can normally be reached on M-Th. 8.00 am -6.00 pm.
